Two Diagrams of the Gospel

These two diagrams show the contrast between a scriptural and fully Trinitarian understanding of the gospel (pictured on the left) and an understanding of the gospel that is neither fully Trinitarian nor faithful to the scripture (on the right). The diagram on the left is the good news of humanity's adoption into the life of the Trinity and is therefore actually gospel (i.e. "good news").

Scriptural Model

- Union
- Adoption
- Reconciliation
- Redemption
- Eternal Life

Traditional Western Evangelical Model

- Separation
- Alienation
- Conditional Union
